OBJECTIVE

Software Engineer skilled in **Python, JavaScript, and TypeScript**, with expertise in **Node.js, Express.js, Django, and ReactJS**. Experienced in building scalable, secure web applications using **MySQL, MongoDB, and REST APIs**. Proficient in authentication, deployment (**GitHub, Vercel, Docker**), and UI/UX optimization, with hands-on experience in Framer Motion, Three.js, and Anime.js for interactive user experiences.

SKILLS

- ~ **Programming Languages:** Python, JavaScript (ES6+), TypeScript
- ~ **Frontend Development:** React.js, Angular, HTML5, CSS3, Bootstrap, Tailwind CSS, Material UI, jQuery, JSX, React Hooks, Context API, Framer Motion, Anime.js, Three.js
- ~ **Backend Development:** Node.js, Express.js, Django, RESTful APIs, Authentication & Authorization (JWT, Session-Based)
- ~ **Databases:** MongoDB (CRUD, Schema Design, Optimization), MySQL
- ~ **APIs & Tools:** REST APIs, JSON, Postman
- ~ **Version Control & Deployment:** Git, GitHub, Vercel, Render, Docker
- ~ **Build & Package Managers:** npm, pip
- ~ **CMS & eCommerce Platforms:** WordPress, WooCommerce
- ~ **Core Competencies:** Object-Oriented Programming (OOP), Problem Solving, Debugging, Application Security, Performance Optimization

PROFESSIONAL EXPERIENCE

Web Developer (Contract) – Vebnox India (On-Site)

- ~ Collaborated with **UI/UX designers** to deliver client-ready, performance-driven solutions.
- ~ Developed and customized WordPress & WooCommerce websites for e-commerce platforms.
- ~ Built and deployed responsive, mobile-first websites using **HTML5, CSS3, JavaScript, Tailwind CSS, and Bootstrap**.
- ~ Designed **SEO-optimized landing pages** using Elementor, custom HTML/CSS/JS, ensuring cross-browser compatibility.

Software Developer Intern – CitiXsys Tech Solutions Pvt. Ltd New-Delhi (On-Site)

Oct 2024 – Jan 2025

- ~ Improved UI components, database performance, and web functionalities.
- ~ Supported in **testing, debugging, and refining** applications for production readiness.
- ~ Implemented **responsive design principles** to enhance user experience across devices.
- ~ Designed and developed cross-platform web solutions using **HTML5, CSS, JavaScript, and MySQL**.

Junior Web Developer – C-DAC Patna (Hybrid)

Jun 2024 – Aug 2024

- ~ Worked with **MongoDB** to build dynamic, database-driven projects.
- ~ Enhanced **frontend performance** and contributed to feature improvements.
- ~ Participated in collaborative coding, debugging, and troubleshooting sessions.
- ~ Developed and optimized **responsive web applications** using HTML5, CSS, JavaScript, and MySQL.

PROJECTS

Naazi – E-commerce Fashion Website <https://naazi.in/>

July 2025

- ~ Optimized for **cross-browser compatibility, mobile-first design, and performance scalability**.
- ~ Integrated **payment gateway, product catalog, and order management system** for seamless operations.
- ~ Built a **user-friendly interface** with advanced **product filtering, secure browsing, and smooth checkout workflows**.
- ~ Fully responsive e-commerce website **HTML5, CSS3, JavaScript, WordPress, and WooCommerce**.

SilverScreenX – A Modern OTT Platform <https://silverscreenx.netlify.app/>

Jan 2025 – Feb 2025

- ~ Integrated **REST APIs** to dynamically fetch and display movie content.
- ~ Ensured responsive design and cross-device compatibility for seamless Movie Review.

~ Implemented **DOM manipulation and interactive UI elements** for engaging user experience.

~ Developed a **IMDB Review platform** using **HTML5, CSS3, JavaScript, Bootstrap, and Tailwind CSS**.

Image-Upscaler-Image-Enhancement <https://frontendimageupscaler.netlify.app/> Nov 2024 – Dec 2024

- Developed an AI-powered web app to upscale and enhance images by 2x, 3x, or 4x using **Python and Pillow**.
- Integrated **Flask** backend with real-time image processing and instant upload/download capabilities.
- Built a fully responsive frontend using HTML5, CSS3, and JavaScript for seamless user experience.
- Implemented dynamic resolution preview to compare original and upscaled image sizes.
- Deployed application on platform like **Render** for cross-platform accessibility.

HealthAssistAI – (Chatbot for Medical Assistance) <https://healthassistai.netlify.app/> Feb 2025 – April 2025

- ~ Developed a Chatbot that provides medical knowledge and suggests medicines based on user health queries
- ~ Focused on user privacy and security when handling sensitive health-related queries
- ~ Styled the application with Tailwind CSS for a modern and visually appealing design.
- ~ Utilized Angular and TypeScript for building a dynamic, responsive, and interactive user interface
- ~ Integrated REST APIs to retrieve medical information and suggest relevant treatments based on user inputs

Full-Stack MERN Web Application – PharmaSphere (Medicine Trade Platform) Mar 2025 – Present

- Designed responsive UI with Tailwind CSS, integrating Cloudinary for secure image upload and management.
- Implemented JWT authentication and role-based access control for secure login and user data protection.
- Developed RESTful APIs, product listings, and transaction workflows, ensuring scalability and seamless user experience.
- Built a full-stack MERN application using React (JSX), Node.js, Express.js, and MongoDB Atlas for medicine trade and pharma management.

Automated Contact Form with Gmail Integration <https://formcontactnode.netlify.app/> July 2025 – Aug 2025

- Integrated Node.js & Express.js backend to handle form submissions and **automate email workflows**.
- Configured Gmail API integration to send instant **auto-reply emails** for enhanced user experience and engagement.
- Implemented secure form handling, error validation, and **real-time feedback**, improving reliability and performance.
- Developed a responsive contact form using HTML5, CSS3, JavaScript, Tailwind CSS, ensuring cross-browser compatibility and mobile-first design.

EDUCATION

Bachelor of Computer Application (BCA) - Lalit Narayan Mithila University
2024

CERTIFICATIONS

Full Stack Python Developer – Naresh IT (Feb 2025 – May 2025)

Software Developer Intern – Citixsys (Oct 2024 – Jan 2025)
